

PUBLICATION POLICY

The Global Fashion Conference aims to promote the advance of knowledge and innovation and therefore the diffusion of information is one of the most important aspects of this bi-annual event.

We do thank all the Authors, whose papers were accepted for presentation for sharing and trusting us the results of their work.

In order to clarify the possibilities of publication in this 5th edition of GFC, we are sending you a brief note on the publication policy of GFC2018.

ALL the abstracts AND papers will make part of the Proceedings of the Conference that will be published under electronic format with an ISBN ID number. The deadline for the submitting of full papers is the 30th of September. If authors do not produce a full paper only the abstract will be included in the Proceedings.

For Workshops, Testimonials and Symposia the Abstract may be substituted after the Conference allowing for the results achieved at the Conference to be disseminated. For this purpose a new deadline for submission is given, being the 15th of November.

The Global Fashion Conference has a pluridisciplinary approach and, therefore, it is difficult to have only one journal interested in the publishing of papers coming out of this Conference.

The GFC2018 Organisational Committee aims to provide the best opportunities for publication referring to journals relevant to the advancement of knowledge and academic career progression.

The publication is not granted in an automatic way. The selection will be made according to academic standards and editorial policies of the academic journals.

Another publication that comes out of each edition is a Book. This book will be published in English and in many other languages as possible, in paper and in e-book format. The publication in other languages may be possible if we are able to get the interest of a relevant Publisher.

In this particular case of the book the guidelines for publication will be different and the Author may even suggest for instance another paper about the same issue that could be ready for publication.

Each publication will follow a specific copyright policy agreed previously with Authors.

Proceedings
