

GLOBAL FASHION CONFERENCE

PROGRAMME

L'Héritage de la Mode: Passé, Présent et Futur

Fashion Legacy: Past, Present and Future

Bienvenue

Au moment où nous vivons un moment unique dans nos vies de chercheurs et d'enseignants, l'Université de la mode- Lumière Lyon 2 est heureuse d'accueillir la Global Fashion Conference consacrée à l'«Héritage de la mode : passé, présent et futur».

Les trois jours que nous allons passer ensemble se dérouleront uniquement en ligne et nous espérons qu'elles susciteront intérêt, discussions et débats. Les conférences, les tables rondes et les ateliers porteront sur la mode, les traditions textiles que ses industries ont su garder et les héritages que ses acteurs ont voulu nous transmettre. Les diverses thématiques sur la communication digitale, l'économie soutenable et éthique, les patrimoines de mode et les textiles du futur nourriront, nous l'espérons, des perspectives nouvelles de réflexion.

Depuis sa création, l'Université de la mode - Lumière Lyon 2, a à cœur de maintenir cet esprit de collaborations entre la société et le monde de l'industrie, de la culture et de la recherche scientifique, en accueillant un public toujours plus avide de connaissances. L'Université de la mode est honorée d'être part cette année du projet GFC. C'est en renforçant les liens d'une communauté scientifique toujours plus nombreuse que nous pourrons envisager la mode de demain, fière de sa culture et prête à relever les défis planétaires qui nous attendent.

Isabelle Hare, Stéphanie Kunert et Damien Delille

Université de la Mode, Lyon

Isabel Cantista

Fondatrice GFC – Global Fashion Conference

Welcome

At a time when we are living under unique circumstances in our lives as researchers and professors, the University of Fashion - Lumière Lyon 2 enthusiastically welcomes the seventh edition of the Global Fashion Conference dedicated to "Fashion Legacy: Past, Present and Future".

The three days we will spend together will unfold entirely online and we are confident that they will spark interest and give rise to stimulating debates. The conferences, roundtables and workshops will approach fashion from different fields of research, focusing particularly on the value of textiles and on the traditions artisans as well as the industry have managed to maintain. The various reflections on the digital environment, on the sustainable model of development and on the circular economy, as well as on the present situation will hopefully lead to new and broader perspectives.

Since its foundation, the University of Fashion - Lumière Lyon 2 has been committed to fostering a spirit of cooperation between society and the world of industry, culture and scientific research by welcoming audiences with a thirst for knowledge. The University of Fashion is honoured to take part in this edition of GFC. By reinforcing an increasingly closer relationship between researchers within the scientific community, we can promote the fashion of tomorrow, proud of its embedded culture and poised to tackle the challenges that lie ahead and that have now taken on a global dimension.

Isabelle Hare, Stéphanie Kunert et Damien Delille

Université de la Mode, Lyon

Isabel Cantista

Founder GFC – Global Fashion Conference

L'Université de la Mode

Crée en 1988, l'Université de la Mode dispense, dans un cadre universitaire de haut niveau, des cours orientés vers la mode. Ces diplômes sont destinés à donner aux étudiants des connaissances et à améliorer leur approche de la mode et de la création. Ils les préparent à différents métiers, principalement dans le secteur du textile et de l'habillement, mais aussi des accessoires, de la cosmétique et du design, orientés vers la création, la communication et le marketing.

Située au cœur de la région Auvergne-Rhône-Alpes, région historiquement liée à la mode, l'Université de la Mode est la seule université en France à proposer des licences et des masters qui couvrent les trois dimensions de l'industrie de la mode : la création de mode, le modélisme et la communication de mode.

Created in 1988, the Université de la Mode provides, in a high-level university framing, courses directed towards fashion. These diplomas are designed to empower students with knowledge and improve their approach on fashion and creation. They prepare them for various jobs, mainly in the textile and clothing sector, but also accessories, cosmetics, and design, directed towards creation, communication and marketing.

Located in the heart of the Auvergne-Rhône-Alpes region, an area historically linked to fashion, the Université de la Mode is the only university in France providing bachelor and master's degrees that cover three dimensions of the fashion industry: fashion design, fashion modeling and fashion communication.

A PROPOS DE . ABOUT

Global Fashion Conference

The Global Fashion Conference is a project that aims to bring together, on an international basis, academia and the fashion filière contributing in an active way to the building of knowledge, the sharing of positive experiences with the aim of promoting a sustainable model of development.

This conference was organised on a bi-annual basis until 2020, but from the present edition it will be annual. GFC is always carried out in collaboration with a university that carries out research on fashion studies.

From the present edition two Research Awards will be granted. The jury is constituted by an independent jury with representatives from academia, industry and press.
